WAKE UP! WAKE UP! LIFE IS HAPPENING WHILE YOU SLEEP...

Melinda had never questioned her perfect life. Why should she? Her husband's successful, she's not working for the first time in years and their only daughter is in college. Her father—a workaholic, perfectionist, runner and health nut to boot—is happy and healthy, too.

Or so Melinda thought until her father quite literally falls out of bed. Suddenly her formerly robust parent is in jeopardy, and their roles are reversed. Melinda's life changes in the blink of an eye.

But with the changes, unexpected blessings come her way, too. Because as she and her father bond, Melinda realizes she's been sleeping through life—and starts discovering what *really* matters....
