Worldviews: A Christian Response to Religious Pluralism Anthony J Steinbronn

Author Anthony Steinbronn examines the postmodern perspective that views the Christian church as only one of many brands in the ideological supermarket. He critiques the position that Christianity no longer has ultimate truth but must take its place alongside numerous other religions. How should Christians respond in this pluralistic age? Steinbronn advocates that we need to know how different religions view the world, humanity's reason for existence, sin and its consequences, and eternal life. Armed with this knowledge, Christians can communicate the truth of God's Word to a world searching for truth and meaning.
