## **A Tale of a Tub** Jonathan Swift

The wits of the present age being so very numerous and penetrating, it seems the grandees of Church and State begin to fall under horrible apprehensions lest these gentlemen, during the intervals of a long peace, should find leisure to pick holes in the weak sides of religion and government. To prevent which, there has been much thought employed of late upon certain projects for taking off the force and edge of those formidable inquirers from canvassing and reasoning upon such delicate points. They have at length fixed upon one, which will require some time as well as cost to perfect. Meanwhile, the danger hourly increasing, by new levies of wits, all appointed (as there is reason to fear) with pen, ink, and paper, which may at an hour's warning be drawn out into pamphlets and other offensive weapons ready for immediate execution, it was judged of absolute necessity that some present expedient be thought on till the main design can be brought to maturity. To this end, at a grand committee, some days ago, this important discovery was made by a certain curious and refined observer, that seamen have a custom when they meet a Whale to fling him out an empty Tub, by way of amusement, to divert him from laying violent hands upon the Ship. This parable was immediately mythologised; the Whale was interpreted to be Hobbes's "Leviathan," which tosses and plays with all other schemes of religion and government, whereof a great many are hollow, and dry, and empty, and noisy, and wooden, and given to rotation. This is the Leviathan from whence the terrible wits of our age are said to borrow their weapons.
