**Brainy People's Guide To PMP® Credential: 255 Points To Get You Ready** Mr. Syed Tanvir Munawar  
Brainy People's Guide To PMP® Credential is based on a powerful strategy: It summarizes and presents the whole PMBOK® Guide (5th Edition) and relevant concept in 255 points and it often discusses same point from various angles to help you with interpreting the concept properly. You can either use this as a pocket guide, or just as a reading material for the PMP® exam. This book has the following advantages over other existing books on PMP® credential: 1. It presents the whole materials in 255 points!. 2. It has been prepared and adjusted as much as possible keeping in mind that readers can use kindle, Smartphone, PC, Mac to read the book with easy navigation between chapters, from formula to chapters, chapter to relevant formula section etc. 3. It has a specific section for all the formulas you need. 4. It provides ITTOs in each relevant knowledge area chapter, and then it provides all the ITTOs again in process group order that would be tremendously useful in real life. 5. It provides example on how to document project working hour experience for PMP® Exam application. 6. It provides online resources and help through forum. But the main strength of the book is, again, the summarizing and the various angles techniques. While trying to avoid using too much text, this book gives excellent example and illustration of critical factors such as EVM, Cost Budget calculation, Quality Tools etc. It presents goals of process groups and processes in a simple yet powerful graphical way in each of the relevant knowledge area section. Colorful post-it type process area mappings, filterable ITTOs, some illustrations/ resources/templates used in the book are available to download from the author's website. \*\*\* NEW \*\*\* : The latest edition now discusses both current exam content outline and the changing exam content outline.
