This book was inspired after a recent visit to Fallingwater, Frank Lloyd Wright's masterpiece.

I was surprised by the placement of the front door to the house. It was very small and in a place that would have been hard to find if it were not for the tour guide.

I began looking for interesting doors for a greyscale coloring book and the result is this collection of 60 images featuring doorways that are architecturally unique.

Each image has been hand-processed using high-end computers, state-of-the-art software and our proprietary processing techniques to bring you sharp, vivid images that jump off the page unlike ordinary gray scale images that have been automatically lightened with graphics software.

Each image is also printed on its own page too so you can remove them for framing or gifts.
