This book takes the time to break down those pesky verses that are used to prove the sin nature of homosexuality and gets to the root of their meaning. But this book doesn't tell you what to thing or what to believe it lays out the research and walks you through it so you can make an informed decision for yourself. Think of it What if homosexuality is not a sin? Would that change your life? Would it change the life of someone that you know? Would it change how you view God? Would it change how you view yourself? Don't you owe it to yourself to take the time to find out? This book examines the verses used to prove the sin nature of homosexuality using history and word origins to understand the meanings of the verses. It is an honest and open expose of a complicated topic and it discovers that the Bible does not support the popular view that homosexuality is a sin.

Please remember that this is a research book, not a novel. It is presented in a research format, that is to say that the text follows a logical progression of research which at times can seem to take the reader completely off track.
