Da Loucura e das Manias em Portugal (Portuguese Edition)

Júlio César Machado

Da Loucura e das Manias em Portugal (Portuguese Edition) Júlio César Machado

João Baptista Vico, remontando-se à infância poética das sociedades humanas, vai encontrar a origem da curiosidade, filha da ignorância e mãe da ciência, num fenómeno natural que efectivamente devia de impressionar profundamente os sentidos e a imaginação dos homens primitivos. Aceitando da tradição bíblica o facto do dilúvio, e dando à terra o tempo suficiente para enxugar da inundação universal e para exhalar os vapores secos próprios a formarem o raio, descreve a impressão que no espírito dos gigantes vigorosos e robustos, que então povoavam a terra, causou o coriscar d'aquelle meteoro através do ether, e o interesse com que ficaram olhando para o céu que desde logo consideraram como um{6} immenso corpo animado, o qual alguma coisa queria decerto exprimir por meio d'essa estranha linguagem de fogo. Personificando toda a immensidade do céu no grande deus chamado Jove, que tinha por sceptro o raio, e que por toda a parte os seguia, por isso que toda a terra era coberta pelo céu, o que, segundo Vico, explica a phrase Jovis omnia plena, que Platão julgou dever traduzir por ether, os gigantes da terra renderam o primeiro culto à curiosidade, d'onde, como de uma semente abençoada, devia brotar o fructo precioso de todos os conhecimentos humanos. Quer acceitemos a tradição religiosa do dilúvio universal, determinado por Deus para refundir toda a humanidade com a familia salva na arca de Noé, quer consideremos essa inundação geral como uma simples phase geologica, caracterizada por phenomenos glaciarios, o facto poeticamente narrado pelo philosopho napolitano subsiste em essencia, e, a nosso ver, é de todo o ponto provavel, e quasi certo, que fosse um phenomeno meteorologico o primeiro estimulo da curiosidade humana
