## **Drupal 6 Theming Cookbook** Karthik Kumar

Written in cookbook style, this book offers solutions to all common theme design problems through recipes. Each recipe contains step-by-step instructions followed by the analysis of what was done in each task and other useful information. The book is designed so that you can read it chapter by chapter, or you can look at the list of recipes and refer to them in no particular order. This book is written for Drupal developers who want to refresh the look and feel of their sites. If you are a Drupal site administrator who is looking to go beyond the basics and customize the presentational aspects of your Drupal site, then this book is for you. It assumes that readers are familiar with rudimentary PHP and acquainted with Drupal installation and general usage. Readers are also expected to have knowledge of CSS and XHTML.
