Un cielo pluscuamperfecto: Copérnico y la revolución del cosmos (Noema) (Spanish Edition) Dava Sobel

Dava Sobel, autora del best-seller de culto *Longitud*, recrea la vida de Copérnico, el hombre que se atrevió a decir, hace casi quinientos años, que la Tierra no era el centro del universo. Cómo lo supo, cómo lo intentó demostrar, cómo lo escribió... es una historia que Sobel convierte en una narración llena de encanto, la crónica de un hombre enfrentado a la ciencia, la religión y la sociedad de su época.

Pero entonces aparece un segundo personaje, un joven admirador, aspirante a científico y astrónomo amateur, que oye aquella extraña teoría, lee lo que Copérnico ha escrito casi avergonzado de su idea, y decide que aquello debe ver la luz. Rético, ese joven, cambia completamente el curso de los acontecimientos; y un descubrimiento se convierte en una revolución, aún hoy una de las más asombrosas del intelecto humano.
