## **Doctor Who: The Shakespeare Notebooks: The Shakespeare Notebooks** Justin Richards

Many people know about William Shakespeare's famous encounter with the *Doctor* at the Globe Theatre in 1599. But what few people know (*though many have suspected*) is that it was not the first time they met.

Drawn from recently discovered archives, *The Shakespeare Notebooks* is the holy grail for Bard scholars: conclusive proof that the Doctor not only appeared throughout Shakespeare's life but also had a significant impact on his writing. In these pages you'll find early drafts of scenes and notes for characters that never appeared in the plays; discarded lines of dialogue and sonnets; never-before-seen journal entries; and much more.

From the original notes for *Hamlet* (with a very different appearance by the ghost) and revealing early versions of the faeries of *A Midsummer Night's Dream* to strange stage directions revised to remove references to a mysterious blue box, *The Shakespeare Notebooks* is an astonishing document that offers a unique insight into the mind of one of history's most respected and admired figures. And also, of course, William Shakespeare.
