## **The Kingmaker's Sisters: Six Powerful Women in the Wars of the Roses** David Baldwin

Warwick the Kingmaker, the Earl of Warwick & Salisbury whose wealth and power was so great that he could effectively decide who would rule England during the Wars of the Roses (1455-1487), had six sisters: Joan, Cecily, Alice, Eleanor, Katherine and Margaret. They all married powerful noblemen who often found themselves on opposing sides during this turbulent period. *The Kingmaker's Sisters* examines the role that they played in late fifteenth-century England, as wives, mothers and homemakers, but also as deputies for their absent husbands, and how the struggle between the Yorkists and the Lancastrians affected them and their families. Scholarly but accessible, this is the first history of the Wars of the Roses to be written from this perspective, and will appeal to general readers, historians of the period and those with an interest in feminist history.
