Prophecy Deliverance! Cornel West

In this, his premiere work, Cornel West provides readers with a new understanding of the African American experience based largely on his own political and cultural perspectives borne out of his own life's experiences. He challenges African Americans to consider the incorporation of Marxism into their theological perspectives, thereby adopting the mindset that it is class more so than race that renders one powerless in America. Armed with a new introduction by the author, this Twentieth Anniversary Edition of *Prophecy Deliverance!* is a must have.
