Rio de Janeiro: Urban Life through the Eyes of the City (CRESC) Beatriz Jaguaribe

"Through artistic imaginaries, media productions, social practices and spatial mappings, this book offers an insightful and original contribution to the understanding of Rio de Janeiro, one of the highly contested urban terrains in the world. Offering a rich diversity of examples extracted from lived experience, iconographic materials, and narratives, it provides innovative and compelling connections between theoretical questions and urban vignettes. Throughout the essays, the specificity of Rio de Janeiro is highlighted but framed in relation to theoretical questions that are relevant to major contemporary cities. The book underlines the dilemmas of a city that attempts to compete globally while confronting social inequality, violence, and novel forms of democratic agency. It retraces Rio de Janeiro's modernist memories as the former political/cultural capital of Brazilian intelligentsia and national culture. It explores Rio as a city of popular culture, mestizo legacies, media productions, and cultural innovation."
