## **Juanito Laguna va a la Escuela. La educación popular desde la Sociología de Pierre Bourdieu (Poliedros) (Spanish Edition)** Paula Pavcovich

Esta obra es un análisis pormenorizado de la vida escolar de una institución de la localidad de Malvinas Argentinas, Provincia de Córdoba. Con el cruce de las bases teóricas de Pierre Bourdieu y Paulo Freyre, se analiza cómo la institución ha sido convertida en un nuevo espacio de lucha contra la opresión. Juanito Laguna va a la escuela rescata el significado simbólico de los Juanitos que se desdibujan en el abstracto nombre de la pobreza. Antonio Berni, su creador y portavoz a través del arte, retrata los múltiples escenarios de la cotidiana “miseria del mundo” que lo rodea. En su serie de cuadros Juanito Laguna duerme, hace sus tareas, vive en la pobreza, remonta un barrilete... En este libro, Juanito va a una escuela con educadores que apuestan por él y con él.
