Conducting Meta-Analysis Using SAS (Multivariate Applications Series) Winfred Arthur Jr., Winston Bennett, Allen I. Huffcutt

Conducting Meta-Analysis Using SAS reviews the meta-analysis statistical procedure and shows the reader how to conduct one using SAS. It presents and illustrates the use of the PROC MEANS procedure in SAS to perform the data computations called for by the two most commonly used meta-analytic procedures, the Hunter & Schmidt and Glassian approaches.

This book serves as both an operational guide and user's manual by describing and explaining the meta-analysis procedures and then presenting the appropriate SAS program code for computing the pertinent statistics. The practical, step-by-step instructions quickly prepare the reader to conduct a meta-analysis. Sample programs available on the Web further aid the reader in understanding the material.

Intended for researchers, students, instructors, and practitioners interested in conducting a meta-analysis, the presentation of both formulas and their associated SAS program code keeps the reader and user in touch with technical aspects of the meta-analysis process. The book is also appropriate for advanced courses in meta-analysis psychology, education, management, and other applied social and health sciences departments.

From reader reviews:

Marvin Gamez:

The book Conducting Meta-Analysis Using SAS (Multivariate Applications Series) can give more knowledge and also the precise product information about everything you want. Why must we leave the best thing like a book Conducting Meta-Analysis Using SAS (Multivariate Applications Series)? Wide variety you have a different opinion about reserve. But one aim in which book can give many facts for us. It is absolutely appropriate. Right now, try to closer using your book. Knowledge or information that you take for that, you are able to give for each other; you could share all of these. Book Conducting Meta-Analysis Using SAS (Multivariate Applications Series) has simple shape however you know: it has great and massive function for you. You can appearance the enormous world by start and read a book. So it is very wonderful.

George Sanders:

Your reading 6th sense will not betray you, why because this Conducting Meta-Analysis Using SAS (Multivariate Applications Series) e-book written by well-known writer whose to say well how to make book that may be understand by anyone who also read the book. Written with good manner for you, dripping every ideas and creating skill only for eliminate your hunger then you still hesitation Conducting Meta-Analysis Using SAS (Multivariate Applications Series) as good book not simply by the cover but also by content. This is one reserve that can break don't ascertain book by its deal with, so do you still needing a different sixth sense to pick that!? Oh come on your examining sixth sense already told you so why you have to listening to another sixth sense.

Sheila Foxworth:

You can spend your free time you just read this book this reserve. This Conducting Meta-Analysis Using SAS (Multivariate Applications Series) is simple to bring you can read it in the park, in the beach, train as well as soon. If you did not possess much space to bring the printed book, you can buy typically the e-book. It is make you simpler to read it. You can save the particular book in your smart phone. Consequently there are a lot of benefits that you will get when one buys this book.

Fred Simpson:

Do you like reading a book? Confuse to looking for your preferred book? Or your book seemed to be rare? Why so many issue for the book? But any people feel that they enjoy with regard to reading. Some people likes examining, not only science book but in addition novel and Conducting Meta-Analysis Using SAS (Multivariate Applications Series) as well as others sources were given expertise for you. After you know how the truly great a book, you feel wish to read more and more. Science e-book was created for teacher or maybe students especially. Those books are helping them to bring their knowledge. In other case, beside science reserve, any other book likes Conducting Meta-Analysis Using SAS (Multivariate Applications Series) to make your spare time much more colorful. Many types of book like this.
