Inspired by the extremely funny yet stylishly written works of Mordecai Richler (*Barney's Version*) and Zadie Smith (*White Teeth*), *Loopholes* captures the zeitgeist of a disenchanting new generation of highly educated graduates who are woefully underemployed – and increasingly desperate. Soggy, sweaty Walter Roger's troubles begin when he is caught red-handed trying to outsource his coursework to India. Publicly humiliated, Walter is forced to accept a job working for his former classmate, the ambiguously ethnic Nader Shah. Together they contrive to create the least successful law firm of all time.
