For some, the American Dream is a pre-fab house in the suburbs with 2.5 kids and a two-week vacation at the end of the year. To others, it is working a push fruit cart in Oakland in order to put food on the family's table in Oaxaca. In *The American Dream* Harmon Leon draws upon his experiences of adopting personas and disguises to infiltrate the various institutions of everyday life, living among a diverse range of subcultures and learning first hand how they see their vision and utopia. His incursions include working as a marijuana farmer in a hippie commune in Northern California; becoming a carnie in rural Indiana; visiting a tourist attraction in Mexico (that allows people to simulate illegally crossing the border); venturing to Hollywood while trying to climb the ranks in the star-making machine; and working in the strawberries fields of California with newly arrived immigrants. *The American Dream* is a funny, satirical, and ultimately poignant take on what it means to be an American today.
