Very few television programmes make it to their fiftieth birthday. But then, Doctor Who is just a little bit special. From its humble beginnings being recorded in a tiny studio on 405-line black and white video cameras with a minuscule budget, to its latest incarnation on HD as one of the BBC's flagship dramas, Doctor Who has always moved with the times, and often reflected them. For the last five decades, the series has inspired and engaged audiences in a way that no other television programme has ever managed. For more than 26 years, the original series delighted children of all ages with its unique blend of sci-fi and horror, excitement and scares, cliffhanger storytelling and, above all, monsters. As the programme grew, so we grew with it, absorbing its pleasures in diverse and changing ways. *You and Who: Contact Has Been Made* is a record of how that relationship began, how it continues, and of how we have experienced those fifty years, as written by the show's own fans. \* This second edition includes two brand new replacement essays, not included in the first edition. \*\* 100% of the royalties from this book will be donated to charity.
