Collecting and Interpreting Qualitative Materials

Collecting and Interpreting Qualitative Materials

This book is the third of three paperback volumes taken from **The SAGE Handbook of Qualitative Research, Fourth Edition**. It introduces the researcher to basic methods of gathering, analyzing and interpreting qualitative empirical materials. Part 1 moves from narrative inquiry, to critical arts-based inquiry, to oral history, observations, visual methodologies, and autoethnographic methods. It then takes up analysis methods, including computer-assisted methodologies, focus groups, as well as strategies for analyzing talk and text. The chapters in Part II discuss evidence, interpretive adequacy, forms of representation, post-qualitative inquiry, the new information technologies and research, the politics of evidence, writing, and evaluation practices.
