Handbook of Multicultural Mental Health: Chapter 24. The Therapeutic Needs of Culturally Diverse Individuals with Physical Disabilities Martha E. Banks

Disability is experienced by about 20% of US citizens, and at higher rates among people of color than among those of non-Hispanic European descent. This chapter provides an overview of disability with emphasis on the definition of disability using current models, followed by the cultural and identity meaning of disability, cultural gaps in treating People of Color with Disabilities, and ethical issues. Perceptions and attitudes about disability and People with Disabilities are also discussed, as well as the development of disability identity. Attention is given to cultural gaps in assessment, treatment, and rehabilitation outcomes for People of Color with Disabilities.
