Another awesome compilation of lesbian sex stories for erotica romance.

Story One - I have lived next door to a hot chick that I have wanted to f--k for all those years that I have lived in my present apartment. However, she was as straight as they came and so I had to endure listening to all her f--k sessions as she f--ked all those men that I could hear moaning her name through those thin walls between the apartments. When I met her identical sister and realized she was into me, that made for one of the hottest f--k sessions I have ever had as I finally got to f--k and suck the woman I have always wanted to f--k; with the same eyes, boobs, ass and pussy that I have been lusting off for so long now; even if it was not really her but someone who looked exactly like her.

Story Two - I have been dreaming of f--king my co-worker for such a long time but have always been afraid of approaching her for obvious reasons. However, her f--king boobs were driving me crazy, and every time she came to use the copier that was right beside my desk, I wanted to grab her, throw her on my desk and suck her pussy right there in the middle of the office and don't care who sees. When I finally got to f--k her, it was even better than all my fantasies put together.

Story Three - She was so hot that even though she had a man, I still just had to f--k her. However, I was f--king her and giving her multiple orgasms and making her squirt; something her man never could get her to do, so I knew that it was just a matter of time that she will realize that she did not need an ugly, disgusting cock inside her pussy at all. In the meantime, I gave in to the smoking hit nurse who worked the night shift with me and I have no regrets.
