Wild at Heart: Mustangs and the Young People Fighting to Save Them Terri Farley

Mustangs have thrived for thousands of generations. But now they are under attack from people who see them as pests. The lucky ones are adopted. Some are sent to long-term holding pens; more and more are sold for slaughter. But courageous young people are trying to stop the round-ups and the senseless killings. They are standing up to the government and big business to save these American icons. With eye witness accounts, cutting-edge science, and full-color photographs, Terri Farley and Melissa Farlow invite readers into the world of mustangs in all its beauty, and profile the young people leading the charge to keep horses wild and free. Includes notes and sources, index, and glossary.
